Eclipses:

Local (Curaçao) Times

Annular Solar Eclipse on February 17. Not visible in Curaçao, but in parts of Antarctica. It will start at 05:56 hours, reaches greatest eclipse at 8:11 hours and ends at 10:27 hours.

Total Lunar Eclipse on March 3, but will only be visible as a partial eclipse in Curaçao, before the Moon sets at 06:51 hours. Totality will be seen in western North America, most of the Pacific Ocean, eastern Asia and Australia. This event starts at 05:49 hours, reaches greatest eclipse at 7:33 hours and ends at 09:17 hours.

Total Solar Eclipse on August 12. Not visible in Curaçao, but in the Arctic, Greenland, Iceland and Spain. It will start at 11:34 hours, reaches greatest eclipse at 13:46 hours and ends at 15:58 hours.

Partial Lunar Eclipse on August 27/28. This one will be visible in Curaçao and at greatest eclipse (00:13 hours) 93% of the Moon will be obscured. This event starts on the 27th at 22:33 hours and ends at 01:52 hours on the 28th.

For more details on the eclipses in 2026, please visit the Fred Espenak's Eclipse web site at: <https://www.eclipsewise.com/oh/ec2026.html>

Note: When the Moon rises after 12:00 (Noon) and before 00:00 (Midnight), it will set most of the time on the next day, as this table shows!
